**RE: REFERENCE LETTER FOR BASE ARCHITECTURE**

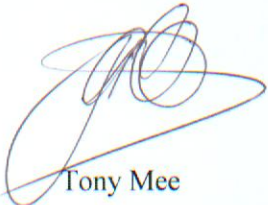

I was very pleased with Base Architecture from the very beginning.

The Directors at Base Architecture were extremely professional and their creative flair was responsible for the continual great feedback we receive from our patrons when they visit the Iceworks Bar and Restaurant and Peak Fine Dining Restaurant.

As a brand new development and a unique project in Paddington, we had high expectations of the final result and we are pleased to say they impressed us immensely.

We have formed a strong relationship with the team at Base Architecture, and have already commissioned them to do further work. We have gladly recommended Base Architecture to others and hope to continue working alongside them with additional projects in the future.

Kind regards,

Tony Mee

Director of Paddington Iceworks Pty Ltd
