Re: Letter of Recommendation

BENCEE Pty Ltd is a medium sized, Brisbane based, Construction Company operating mainly in the Southeast Queensland region. We have partnered with **Base Architecture Pty Ltd** on numerous projects specialising mainly in Medical Centres.

BENCEE Pty Ltd and **Base Architecture Pty Ltd** have worked together for the last 4 years and prior to this Mick McLoughlin, Managing Director of BENCEE Pty Ltd, has worked with Sean Godwin and Tim Stewart previously on numerous other large housing projects. BENCEE Pty Ltd has found **Base Architecture Pty Ltd** to be extremely professional in their approach to the project and will make the extra effort to ensure a free flowing process by issuing documents that meet the highest level of detail. **Base Architecture Pty Ltd** show a dedicated approach to understanding the needs of the client and transferring these needs to the contractor.

During the construction process **Base Architecture Pty Ltd** expertise in providing design solutions and their knowledge of what is required to achieve patient and staff needs make working on medical facilities so much easier.

We have no hesitation in recommending **Base Architecture Pty Ltd** as a professional dedicated Architectural company. Their attention to detail and professional business approach are two of the main reasons we continue to work with them. We have found them to be professional in all aspects of their work from initial communication to the completed documents and final handover, ensuring we provide a quality product to our client.

If I can be of further assistance to you please do not hesitate to contact the undersigned.

Yours faithfully
