GRANGE Q 4051

Dear Jessica

On behalf of the Lord Mayor Campbell Newman, Brisbane Marketing and our sponsors we would like to congratulate Shawn and your team for being a finalist of the 2010 Lord Mayor's Business Awards. We were delighted to see the exceptionally high calibre of entrants across all categories and the range of nominating businesses extremely diverse. Your company's recognition within this competitive field of entrants is commendable. We appreciate the time and effort it takes to enter and attend on the night.

As Brisbane's economic development agency, Brisbane Marketing is proud to profile new world thinking and our city's business leaders through the Awards.

We would like to share with you the feedback we received from our judging panel for **The GHD Young Business Person of the Year** with their comments on your nomination; we trust you will find this valuable.

- *Successful young architect building a good practice.*
- *A great testimony to Shawn's character is the obvious loyalty and commitment of his team and clients. His mentoring, leadership and reach into the community to extend and share his passion for architecture is fantastic. The group recommendation said it all!*

All the excitement of the night has been captured in the photos and uploaded for you to view on our website www.lmba.com.au along with the opening video. We will also be emailing you the Lord Mayor's Business Award finalist logo and happy if you would like to use it in all your communications.

Thank you for your involvement in this year's Awards, we look forward to your ongoing support and hope you will nominate again next year.

Yours sincerely

Daniel Havas
Director, Investment Attraction
